

Wound Center

St. Mary's Health Center of Jefferson City is a full-service, acute-care hospital that offers a full range of inpatient, outpatient and emergency services for mid-Missourians. The Wound Healing Center, located at St Mary's Health Center provides treatment for non-healing and problem wounds. Problem wounds are widespread among diabetics and individuals with a range of other medical conditions, such as radiation tissue damage, that interfere with the body's natural healing process.
